## Transaction Highlights

### Acquisition

- IVL has signed definitive agreements to acquire up to 50% of the Equity stake of PET plant in Egypt (EIPET) and entered into a 50% Joint Venture partnership with Dhunseri.
- 540 KMT brand new, sparsely run plant to become amongst IVL’s best cost facilities in terms of scale, technology and energy costs. The addition of EIPET will increase IVL’s existing global PET capacity by 10%.
- Strategically located in Ain Sokhna free trade zone with zero corporate tax rate and advantaged logistics.

### Strategic Rationale

- Restart serves growing need for sustainable packaging in Egypt and in the region, ~7% demand CAGR.
- Duty free access to key Western markets currently facing critically low supply due to Corpus Christi delay.
- Indorama Ventures Portugal PTA will ensure feedstocks for EIPET with short transit times.
- Focus on balancing market need for recyclable PET packaging supply chain with reliable manufacturing.

### Transaction Highlights

- The transaction takes place with immediate effect.
- Restart activities for manufacturing recyclable PET has commenced and PTA will be shipped from IVL Portugal soon after restart of Portugal PTA production anticipated in early July 2018.
- 100% consolidated accounting with minority interest.
